EXPERIENCE

BROSCODE | Full Stack Developer (Freelance) | Apr 2024 - Present

- Delivered client applications using the MERN stack, focusing on scalability, performance, and maintainability.
- Designed intuitive UIs with Tailwind CSS and Radix UI, and deployed applications on cloud platforms.

TATA CONSULTANCY SERVICES | Front End Developer | Oct 2022 - Nov 2023

- Built responsive, high-performance user interfaces using React, improving UI consistency and load efficiency.
- Created reusable components with Tailwind CSS and Radix UI, reducing development time across features.
- Collaborated with cross-functional teams to translate requirements into scalable front-end solutions.

TATA CONSULTANCY SERVICES | Network Administrator | Aug 2021 - Oct 2022

- Configured and managed FortiGate NGFW, firewall policies, and routing to ensure secure network operations.
- Monitored traffic, identified vulnerabilities, and resolved network issues to minimize downtime.
- Performed firmware upgrades and security patching to maintain system reliability.

FREELANCE PROJECTS

[Hogar Foods](#) | E-Commerce Web Application

Built a full-stack e-commerce platform with client & admin systems, supporting product management, cart, checkout, and order tracking

[Alanis Makeover Studio](#) | Website Revamp

Redesigned existing website with a modern UI, improved navigation, and responsive layout.

[Heavenly Bites](#) | Online Ordering Platform

Developed a dynamic product catalog with real-time pricing and an online purchase workflow for a home-based bakery business.

CERTIFICATIONS & ACTIVITIES

Cisco Certified Network Associate 200-301

Fortinet Network Security Expert Level 3 : Certified Associate

Co-Founder | Infinity Music Band

Chief Financial Officer | Inovus Labs

Community Ambassador | TinkerHub
